Dear Kelvin Tee Chee Seong,

It is our pleasure to welcome you to the Post-Tensioning Institute. The PTI Executive Committee has accepted your application as a Professional Member.

You should soon receive your first e-Newsletter from the Post-Tensioning Institute.

We are constantly working to improve our website at www.post-tensioning.org to offer our members a variety of resources. Our website offers access to the PTI Member Directory, participation in discussion forums, and registration for seminars, training workshops and much more. Please use the following login and password to access the member's only section of the website. You may change your password when you login the first time.

Login: ktee@ppi.sg

As a Professional Member of the Institute, you are eligible for membership on any of our technical committees. If you wish to serve, please write or call requesting consideration. Our technical committees will be better served by a broad representation from our industry.

Again, we welcome you to PTI and sincerely appreciate your membership. Thank you for becoming a valuable part of the Post-Tensioning Institute. Without your participation and financial support of the Institute, our valuable goals may not be achieved.

If you have any questions or would like to discuss PTI's programs in greater detail, please feel free to contact us at any time. We would also welcome your thoughts regarding ways that PTI can improve its services for its Professional Members.

Best regards,

Michelle Stern
Member Services Coordinator
